

## **Why Poinsettia and Winter Greens**

### **Poinsettias are POPULAR**

Having a Poinsettia in your home for the holiday season is a tradition that can be carried on through each generation. These plants have become a joyous part of the holiday season and did you know that poinsettias are the most popular selling potted plant in North America? Not only do they add instant colour to your decor during the holiday season, poinsettias also make excellent gifts!

### **Winter Greens:**

Winter greens are an excellent way to decorate during the holidays. The lush branches of cedar and pine, produce the scents that remind you of the great times had during the holiday season. The wreaths, center pieces, and urn inserts are great gifts as well.

### **Profit**

You will earn 35% back on all of your orders, to be used toward your fundraising goal.

## **How It Works**

### **Plant Delivery:**

You submit your order form and we pre-select your poinsettias, deliver them to you on a prescheduled delivery date, and you coordinate the distribution of them to your buyers

### **How to Order:**

Please contact the shop ASAP to set up an account or to update an existing account, and set up a delivery date (we deliver on select days only to some areas). Delivery day or time may change due to weather conditions and delivery routes on your scheduled date. Please use our order forms to submit your order. This helps us to input your order correctly and to track changes.

## **One delivery per organization:**

Your order must be a minimum of \$500 (before HST) or a freight charge will be applied. HST will be charged on freight. All orders must be submitted at least 7 days prior to your scheduled delivery date with no changes accepted 48 hours prior to delivery. Delivery date can be arranged between November 18th – December 13th, 2019.

## **Making Payment:**

Must be paid 7 business days before delivery by credit card, cheque, e-transfer or cash. All orders must be paid for in full prior to delivery. No delivery will be made if the order is not paid.

## **Delivery Day:**

Please count all cases with our driver at the time of delivery. Please count all plants, winter greens, swags, and wreaths before handing them out to your buyers. We strive for excellent quality and service. All claims must be made within 24 hours and we will do our best to rectify the situation.

- Poinsettias are sensitive to cold and will freeze quickly. Please do not put plants in an unheated vehicle or trunk. We ask that plants be delivered to your customers right away as they are required to have the protective sleeve removed within 24 hours.

## **Note**

Please keep in mind that poinsettias are a live plant and substitutions may need to be made in some circumstances. Tri-Colour is 3 colours together, typically red, white and pink. Due to availability, some alternate colour combinations may be substituted.

Pot covers will be provided, the colour of the supplied pot cover will not be the same as the pictures provided and not all pot covers will be the same colour. We do not take special orders for one specific pot cover for all plants ordered.

Fresh greens and flowers may differ slightly depending on availability, substitutions of foliage type or flower type as well as colour may be required but the integrity of the design will remain. For example, if red roses were not available white roses, or green would be used in place to keep the same design theme and concept.

### Please Note
